Your Supply Line

Keeping your business running every day

Presstek is committed to supporting customers with total solutions for today's printing businesses. Presstek DI® digital offset presses, CTP systems, and plates are recognized for bringing the highest levels of efficiency, productivity and profitability to commercial printing. Our consumables product line supports a broad spectrum of printing methods, technology platforms, and shop requirements, meeting the comprehensive needs of printers of all sizes.

What You Need, When You Need It

Presstek stocks a wide range of printing supplies, plates, prepress materials, proofing products, parts, and small equipment, all ready to ship when you need them to.

Purchasing is fast and easy. Order and manage your supply needs at shop.presstek.com, or call 1-800-422-3616 in the USA or 1-800-387-3143 in Canada.

Easy, Online Shopping

At shop.presstek.com, you can easily browse our catalog for the supply products you need and brands you want by using any of a number of search options. Well-defined catalog sections and a custom "My Supply List" feature make ordering supplies fast and easy.

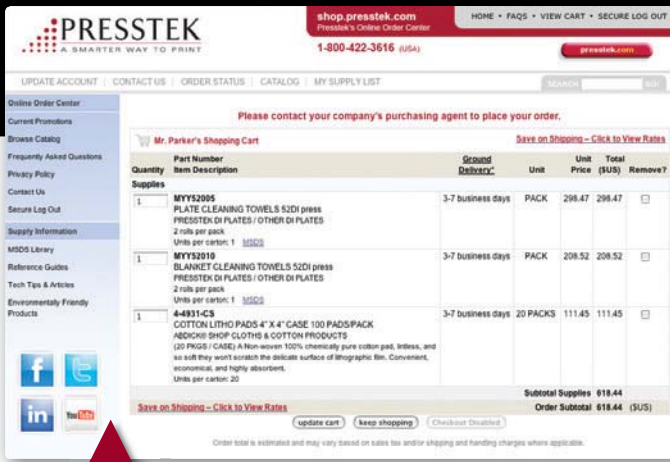

Check-out is simple. For flexible purchasing management, you designate billing to your Presstek customer account number or a major credit card each time you order.

Welcome! New Customers can place orders immediately.

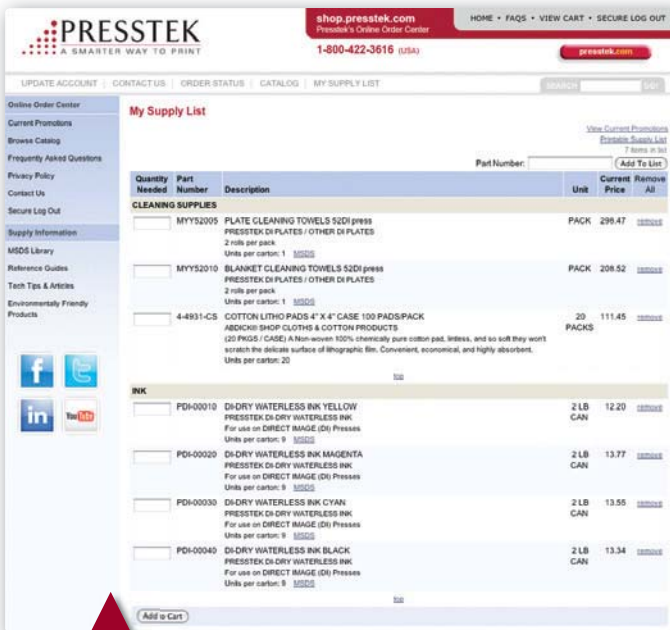

Use a major credit card for initial orders. You may also request a Presstek account number for future orders. A credit application and tax-exemption forms for all U.S. states and Canadian provinces can be found in the Frequently Asked Questions section.

Your shopping cart organizes your selections.

Features include separate sections for supplies, parts and equipment; customer-specific pricing; shipping choices; and delivery schedule.

Build a customized "My Supply List".

Registered users can build a customized "My Supply List" of regularly ordered items. The list automatically updates based on recent purchases, and you can add or remove products at any time. Available whenever you are logged in, it minimizes the time required to find products for future orders.
